

Job Title: **RV1 Skill Bridge™ Programme – Underwriting**

Location: **London**

Salary: **£17 per hour**

Position: **2 Month Internship**

An incredible opportunity here to work with our client, in the City of London on a 2-month RV1 Skill Bridge™ Programme – Underwriting. Our client, a London City based Insurance company, operates on a global and regional product basis, meaning that they can align products and distribution capabilities to transform risk for their customers into opportunities.

Full time job offer will be made to the right candidate at the end of the Programme so and incredible opportunity for anyone wanting to work within the Insurance industry.

About the opportunity

This London-based internship provides an exciting opportunity to spend 8 weeks gaining valuable insight, knowledge & skills by working with one of our Insurance Underwriting team.

Key Accountabilities

- A combination of on-the-job learning and formal development through which you will gain work experience and transferable skills to aid you in future career opportunities
- Insight into the world of insurance, including the Lloyd's of London insurance market
- Introductions to our business operations, working with many professionals across multiple disciplines, including underwriting specialty lines.

Education and Other Requirements

- You will be studying towards a minimum of a bachelor's degree with a graduation date in 2023 or 2024
- We are looking for undergraduates who are on track to achieve a 2:1 (UK)
- A keen and demonstrable interest in the Insurance / Finance industry
- A willingness to learn and to push the limits of your knowledge and skill in a fast-paced, innovative, and exciting environment, based in the City of London.

Soft & Technical Skills

- Organizational skills and the ability to multi-task; attention to detail; self-starter
- Ability to prioritize tasks, meet deadlines, a sense of urgency, and the ability to follow-up
- Proficient in Microsoft Office
- Excellent written and verbal communication skills, and the ability to quickly build relationships are crucial for success.
- Must be willing to learn about the risks to businesses associated with information technology and data privacy
